BANGALORE.

U.O.No. 5 dt 8-1-21

GEN REV. SECT
8 JAN 1921

42) From the enclosure to serial No. 1 of the file, I gather that there are Isolation Wards in the Chickmagalur Municipality, but situated at some distance from the town, where spodadic cases of infectious diseases are now sent and, because much inconvenience is now felt in making arrangements for the treatment of such cases, it is proposed to have Wards constructed at a convenient distance from the District Hospital so that the staff of the hospital could be made available for the care of such patients.

43) The question is not one of enlarging or extending the District Hospital by adding a Ward of the kind. A person suffering of an infectious disease ought not to be admitted in a general hospital. The period of observation is very short and as soon as a case is proved, or even suspected to be an infectious disease, it must be removed to a place meant to receive such cases.

44) If the maintenance of the present segregation wards has all along devolved on the Municipal and local Boards, I cannot see any reason that, because the Municipality sees the neccessity for locating the wards at a more convenient dis-

tance

NOTE—Contn. sheet.

Serial No.

distance from the District Hospital, to facilitate arrangements for treatment, etc., of the expenditure connected with patients, the [illegible] of the wards should be borne by State Funds and the Municipality relieved of the same.

45) Making adequate provision for medical relief is one of the primary obligations of a Municipal or Local Board and so, even the cost of the District Hospital ought to be shared by the local bodies. But in the present case, when the local bodies are prepared to undertake the [illegible] expenditure, it will be a retrograde step for Government to step in and take the [illegible] burden upon themselves. That the medical staff of the Hospital will be conveniently made available to look after the cases, is in itself a sufficient help from the State to the Municipal Council.

Chikmagalur.

TO.

P. Ramaswamiyya, Esquire, B.A.B.L.,

Secretary to the Government of H.H.the Maharaja of Mysore,

REVENUE DEPARTMENT, BANGALORE.

THROUGH. K. Mylar Rao, Esquire, B.A.B.L.,

Deputy Commissioner, Kadur District.

Sir,

I have the honor to submit the following few lines for the kind consideration and orders of Government:-

There are no separate ISOLATION, OBSERVATION and INCURABLE wards in the Civil Hospital at Chikmagalur. As soon patient shows signs of developing Epidemic disease, the medical authorities intimate the municipality to remove such patient to the Municipal Segregation camp situated out side the town.

The Municipality will have no establishment to take care of such patient as soon as emergency arises. They generally employ temporary establishment only during the out-break of Epidemic diseases.

In these circumstances I beg to suggest that separate ISOLATION, OBSERVATION, and INCURABLE wards may be kindly be ordered to be constructed at a reasonable distance from the Civil Hospital so that the medical authorities may be able to take care of the sporadic cases coming from all parts of the District.

I have the honor to be,
Sir,

Your Most Obedient Servant,

C. Vasudeva Rao

President, Municipal Council
Chikmagalur.

His Highness the Maharaja of Mysore,
Revenue Department, Bangalore.

SIR,

With reference to the correspondence ending with your letter No. L.5342/Med.53-19, dated 21st March 1922, I have the honour to state that the plan shows only one Isolation Ward with provision for 4 beds, while the requirements are one ward of 8 beds, four for males and four for females. It is not known whether the estimate - Rupees7,320 is for one ward of 4 beds as shown in the - plan or for two such wards. This point may kindly be made clear and arrangements may kindly be caused to be made for the construction of a ward to accommodate 8 beds with a partition in the middle.

The initial cost on buildings whether it be - Rs.7320 or Rs.14,640 will have to be provided in the next Public Works Budget to the extent of the share to be met from the State Funds, which may be limited to one-third, the remaining two-thirds being levied as contribution from the funds of the Kadur District and Municipal Boards whose primary duty it is to provide such wards.
